Available in Black or White

## For complete control in your favorite MMOs

With 20 buttons, the Logitech G600 MMO Gaming Mouse is the most customizable and easy-to-use mouse specifically designed for mastering your favorite MMOs. Whether you're out to burn down the boss or are in the heat of a PVP battle, this mouse gives you new power to execute every action with lightening-fast accuracy.

### FEATURE AT A GLANCE

#### 20 MMO-tuned buttons

- 3 primary buttons, 12 thumb buttons, a clickable scroll wheel that tilts, plus DPI and profile switching
- All pre-configured for optimal MMO use right out of the box—no drivers required

#### Light it up your way

- Fully-customizable RGB illuminated thumb panel with over 16 million possible color combinations
- Set colors to pulse on and off or configure them to continuously change
- Assign a different color to each profile to see your settings at a glance

#### Intuitive thumb panel

- Unique design based on massive testing with hardcore MMO gamers
- No misclick worries—two distinct sets of six buttons naturally guide your thumb to just the right spot
- A full array of MMO action buttons gives you quick and easy no-look navigation

#### Comfortably shaped to go the distance

- Sculpted to support your hand through hours of raiding, PVP, or just grinding XP
- Every button is tuned to reduce click fatigue without accidental actuations

#### G-shift and DPI shift

- Activate G-shift with ring finger button—instantly doubles the number of actions you can perform with every button
- Assign a DPI shift button to toggle between your current DPI level and a pre-determined DPI level—great for sniping

#### Total personalization

- Three onboard memory profiles—access all your settings on any computer with no software required
- Easily tweak default settings to perfection—download optional Logitech Gaming Software to access more intricate macro and scripting capabilities
